Hi all,

Please find attached a collection of slides for us to use as a starting point during tomorrow's CSTAG presentation call. Couple quick notes about the slides:

- These slides are intended to serve as a rough starting outline for the CSTAG presentation, and to foster discussion amongst the EPA team members.
- Our plan is for those of us on the call tomorrow to strategize about rearranging the slides and to start fleshing out what specific information we want to include, exclude, or place heavy emphasis on.
- We imported as many graphs, notes, figures, etc. as possible so that any needed information will be readily available during our presentation development working sessions....hence the 100+ slides.

Apologies for the rough nature of the slides, but we'll get it hammered out.

Keegan
